2. With your Favorite List highlighted, arrow down to move the channel list. Channels included in the Favorite List are marked with a P. Using the Arrow buttons, move through the channels and press OK to add or remove a channel to your Favorite List. or, type in a channel using the number keys.
3. When done, press the Blue button to save your changes.

Using Favorite Lists
1. Press FAV. By default, your list is 'All' channels.
2. Arrow up/down to choose a Favorite list. Press OK with a Favorite List selected, you will be in Favorites mode using that list.
3. Use either the Channel Up/Down button or the Arrow buttons to move between channels in a list. Or, use the number keys to select a channel. The 'Info Bar' shows the name of the active favorite list.
4. To leave a Favorite mode, press FAV. Arrow up/down to select 'All' and press OK.

PARENTAL CONTROLS
There are several ways to use Parental Controls. From the Main Menu, select My Settings. Arrow to the right, highlight Parental and press the OK button. You will then be in the Parental Controls menu to:

Change PIN:
Select the Change PIN category to enter your new PIN and confirm it. Until you change it, the default PIN is 0000.

Edit Locked Channels
You can lock entire channels via the Edit Locked category so that it requires a PIN to view programming. You may prevent locked channels from showing in the channel guide via the Parental Control Options (locked channels would still be accessible using the number keys and entering a PIN).

Set Program Rating Limits
To control the types of programming that can be viewed, you may set program limits based on motion-picture ratings (G, PG, R, etc.) or TV ratings (TV-G, TV-14, etc.) using the Set Ratings category. If you attempt to tune to a channel that is airing a program with a rating at or above your rating limit, you must enter a PIN to view the program.

Set Time Restrictions
The Time Restrictions category allows you to set time periods per day where television access requires a PIN. These time restrictions may be set by selecting the Green button to Add Restriction under the Time Restrictions category.

Cancel Override
Cancel Override category allows any previous PIN overrides for an extended period of time to be cancelled. Once the override has been cancelled, the parental PIN will need to be used for all Locked and Rated channels.

REMINDERS
Set Reminders. While viewing the guide, highlight the program where you want a reminder and press OK.

HINTS
Info Button
Press Info and you will see the name and a description of the current program on the screen.

OK Button
Press OK to show the 'Now Playing' bar and you will see what program is currently playing and any programs currently being recorded, if applicable.

Guide Button
This is the most comprehensive view of what's on. Go ahead and page through... ...you're bound to find something to watch.

STB Button/TV Button
When controlling the Set Top Box, the STB Button on the remote should light up when you press buttons. If nothing is happening, press STB and then control the remote. The TV button is used to control the TV device only and will not control your Cobalt TV system.

Input Button
If the input button at the bottom left of the remote gets pressed, it can change the input that the TV is set to and you will not be able to see your Cobalt TV. Hit Input button repeatedly to get to the correct input.

Searching for Your Code

If your device does not respond to the remote control after trying all of the codes listed for your brand, or if your brand is not listed, try searching for the code.
1. Turn on your TV.
2. On the remote control, press TV once; it will blink once. Then press and hold SETUP until the TV key blinks twice.
3. Enter 991. The TV key will blink twice. Aim the remote control at the TV and press POWER once.
4. Press and release the CH+ key continuously, then stop when the TV turns off.
5. Press POWER. The TV should turn on, then press SETUP once to lock in the code. The LED will blink twice. NOTE: If the TV does not turn on, then slowly press and release CH+ to go back through the codes, then press SETUP when the TV turns on.

To search for the codes of your other devices, repeat steps 1 through 5, but substitute the appropriate key (e.g., VCR, DVD, AUD, or STB) for the device.

Setting Up to Power On/Off both Set Top Box and the TV with one push of the POWER button

1. Press and hold SETUP until Set Top Box button on the remote flashes twice.
2. Enter 995, then press POWER once.
3. Press STB once, then TV once. (If you want to shut off AUD, DVD, VCR, then press those also.)
4. Then press and hold SETUP until it flashes twice. Press POWER and if the remote is programmed for the specific TV, the TV will shut off. Pressing POWER again will turn on the TV and the Set Top Box. The remote will control both the TV and the Set Top Box.
